The [Restaurant](#) People have succeeded again with one of its newest restaurants in Fort Lauderdale, S3 at [Hilton](#) Fort Lauderdale [Beach](#) Resort. The group who is known for popular establishments like YOLO and Tarpon Bend has another success to celebrate with S3. Recently commemorating their one year anniversary, S3 has proven to be a favored destination for locals and tourists alike.

The name, S3 focuses on the three main features that Florida offers: sun, surf, and sand otherwise representing steak, seafood, and sushi. The menu is comprised of primarily smaller portions. The small plate concept allows patrons to taste a variety of items and share with their guests. In addition, S3 offers an extensive wine list that will appeal to any oenophile and nicely complement your meal.

The sushi [bar](#) can accommodate eight to ten people at a time. Watch the chef prepare specialty rolls, sushi and sashimi before your eyes. All fish is delivered daily to ensure freshness and quality.

Savor the Mac & Cheese: canneroni pasta cooked to perfection with smoked Gouda and crispy prosciutto served in a piping hot casserole. The rich and creamy taste that you love combined with the salty prosciutto will satisfy your desire for comfort food minus the guilt. Indulge in Ricotta Gnocchi: fennel leak fondue, peas, baby shiitake and truffle make up this innovatively delicious dish. Try the Shrimp Toast: two large butterfly shrimp top the garlic buttered ciabatta toast and finished with a tomato prosciutto sauce. Share the Seared Scallops: mushroom risotto with artichokes and lemon vinaigrette. The two large sea scallops melt in your mouth and are complemented by the creamy composition of the risotto with the refreshing properties of the lemon dressing. Order the Skirt Steak: an interesting combination of seasoning makes up this dish. The skirt steak is coffee rubbed, drizzled with a mango chimichurri sauce and served over yucca.

S3 is an ideal location that showcases incredibly breathtaking views of the ocean. Have a drink on the terrace or at the indoor/outdoor bar. Relax in the one of the luxurious lounge seats. Bold, bright colors provide a warm, embracing atmosphere to enjoy a meal or cocktail. Sit by the fire pit and watch the sunset.
