2. S3

Owned by the group that owns YOLO, Vibe, and Tarpon Bend, the Restaurant People, like their other locales, this is one of the busiest spots to hit the area. Located at the base of the Hilton Beach Resort, appropriately named for its close proximity to the shore, the S3 offers views of the water from almost every seat. The food and drinks trump the ambiance. Local favorite executive chef Chris Miracolo has created a menu of global eclectic fare ranging from European-inspired ricotta gnocchi with fennel leek fondue, peas, baby shiitake, and truffle to Southern heritage pork loin accompanied by sausage bread pudding, heirloom carrots, and pole beans to sushi and everything in between. Cocktails follow the cuisine with drinks featuring ingredients from across the world, like S3's Sexy Summer Seduction with Pisco Porton, citrus juices, and passion fruit foam; and Thai-Coconut Crush, vanilla infused Bacardi, basil, mint, cilantro, and coconut milk gin. With unparalleled views, creative fare, and cool craft drinks, no wonder it's always packed.
